## **PMP** SPEC CONCRETE 3000

for use in *poured-in-place* applications

Product Name: **PMP SPEC CONCRETE 3000**

Data sheet 2090-15  
September 2018

**Product Description:** PMP Spec Concrete 3000 is a dry, factory blended concrete mix specifically designed for the professional contractor. The proportioning of raw materials and the thorough blending of the product make it superior to conventional sacked concrete products. Standard mix is 6.5 sack, 70% sand and 30% 3/8 aggregate.

of current edition ASTM C387. PMP Spec Concrete 3000 is blended with Type II/V Portland Cement and Washed Aggregates conforming to applicable ASTM standards as well as L.A. City Approval - R.R.24968.

**Application:** FOR USE IN POURED-IN-PLACE CONCRETE APPLICATIONS. Add PMP Spec Concrete 3000 to clean potable water and mix to achieve a 2-inch to 3-inch slump. Approximately 1.2 gallons of water will produce a 2-inch slump. One 90 lb. bag will yield approximately .66 cubic feet.

**Uses:** PMP Spec Concrete 3000 may be used where a 3000 psi concrete mix is specified.

**Advantages:**

- High Quality
- Convenience of handling one product
- Excellent for multi-story and difficult access jobs
- Systems that save time and money on labor
- Meets building codes

**Packaging:** Available in 90 lb. multi wall paper bags, 3000 lb. bulk bags or bulk. Information on silos and bulk systems available upon request.

**Technical Data:** PMP Spec Concrete 3000 is proportioned in accordance with and meets the performance specifications

**Warranty:** The technical information and usage statements are based on our best knowledge. The contents of this specification sheet are presented for informational purposes only and do not constitute responsibility for their use. The manufacturer will replace only that material which is proven defective due to quality of the components of the manufacturing process.

**CAUTION:** Contains Portland cement. Prolonged exposure to dust may cause delayed lung disease. Eliminate exposure to dust. Use NIOSH approved mask for silica dust. Freshly mixed materials may cause skin irritation. Avoid direct contact where possible and wash exposed skin areas promptly. If any material gets into the eyes, rinse immediately and repeatedly with water and get prompt medical attention. See Safety Data Sheet.
